The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:

"Medical science has produced no other anoand and dyne expectorant so good as Ayra's Chrany Pac-tonat. It is invaluable for diseases of the throat and lungs."

There is not a household in which this invaluable remedy has once been intro duced where its use has ever been aban ned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it. AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even acute Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consump-tion.
